Dear :

Milavetz, Gallop & Milavetz, P.A. is proud to announce the expansion of the firm's practice areas to include pharmaceutical liability claims. We believed it was in the best interest of our past and future clients to provide this assistance. Our firm has handled selective pharmaceutical liability claims over the past 46 years and we will continue to give you the individual attention you deserve.

If you have been taking the following prescription drugs, and have suffered the following injury, we are offering a free consultation:

**ACE Inhibitors** - birth defects  
**Actiq** - overdose causing death  
**Actonel** - osteonecrosis also known as jaw death

You can check your drug list by asking your pharmacist for a prescription printout for the last four years for you or your loved one. Please call your pharmacy in advance as this may take a longer time to generate. **Please do not stop taking the medications you are prescribed without consulting a medical doctor.**

We have also provided further information on these drugs on our website at [www.milavetzlaw.com/prescriptionliability/](http://www.milavetzlaw.com/prescriptionliability/).

Please feel free to contact me at 952-920-7777 or email at [cschulze@milavetzlaw.com](mailto:cschulze@milavetzlaw.com). As always, if we can provide assistance to you on any other personal injury matters please feel free to call.

Sincerely,

MILAVETZ, GALLOP & MILAVETZ, P.A.

Chad Wm. Schulze
